

GLOBAL INVESTMENT PERFORMANCE STANDARDS (GIPS) COMPLIANT REPORT

December 31, 2020

INTRODUCTION

The objective in developing and evolving GIPS is to establish them as the recognized standard for calculating and presenting investment performance around the world and for the GIPS standard to become a firm “passport” to market investment management services globally.

Standardized Investment Performance: Financial markets and the investment management industry have become increasingly global in nature. The growth in the types and number of financial entities, the globalization of investment process and the increased competition among investment management firms demonstrate the need to standardize the calculation and presentation of investment performance.

Global Passport: Investment practices, regulation performance measurement and reporting of performance vary considerably from country to country. By adhering to global standard, firms in countries with minimal or no investment performance standards will be able to compete for business on an equal footing with firms from countries with more developed standards.

Investor Confidence: Investment managers that adhere to investment performance standards help assure investors that the firm’s performance is complete and fairly presented. Both prospective and existing clients of investment firms benefit from the global investment performance standard by having a greater degree of confidence in the performance information presented to them.

Key Benefits:-

- Enhanced ability to compare performance
- Consistency in calculation & presentation of performance results
- Full disclosure of important details on performance data
- Strengthened internal process & controls and improved risk management
- Increased transparency

Atlas Asset Management Limited (AAML) GIPS Steering Committee

ATLAS MONEY MARKET COMPOSITE

Key Assumptions

Following are the key assumptions used in portfolio valuation:

Financial Instruments

All financial assets and financial liabilities are recognized at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the contractual rights to receive cash flows related to the asset expire. Financial liabilities are derecognized when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income currently.

Revenue Recognition

Interest income on government securities is recognized using effective interest method at the rate of return implicit in the instrument. Interest income on bank balances, placements and deposits is recognized on an accrual basis. Gain or loss on sale of government securities is accounted for in the period in which it arises.

Proprietary Assets in the Composite

Proprietary Assets in the composite contains investments of AAML, its Management Company.

Taxation

a) Under the provisions of Clause 99 of Part 1 of the Second Schedule to the Income Tax Ordinance, 2001, any income derived by the mutual fund shall be exempt from tax, if not less than ninety percent of its accounting income of that year, as reduced by capital gains whether realized or unrealized, is distributed as cash dividend amongst the unit or certificate holders or shareholders as the case may be.

b) Under the provisions of Clause 47 (B) of Part 4 of the Second Schedule to the Income Tax Ordinance, 2001, the Fund's income namely, dividend, profit on government securities, return on deposits/certificates of investment with banks/ financial institutions, profits from money market transactions, profit from Profit or Loss sharing accounts with banks of the Fund will not be subject to any withholding tax.

c) Under the provisions of Clause 100(B) sub-section (2) of Income Tax Ordinance, 2001, mutual funds are exempt from capital gains tax.

Composite Description

The Investment Objective of APF Equity Sub-Fund is to earn returns from investments in Pakistani Equity Markets. It shall invest primarily in equity securities, with at least ninety percent (90%) of net assets shall remain invested in listed equity securities during the year based on quarterly average investment calculated on a daily basis.

Currently the composite comprises of one portfolio i.e. APF Equity Sub Fund.

APF Equity Sub Fund is a constituent of Atlas Pension Fund (APF). APF serves as a primary savings vehicle for retirement savings (i.e. pension savings) for individuals and is created as a Pension Fund under the Voluntary Pension System Rules 2005 having an umbrella structure composed of numerous Sub-Funds in the form of unit trust schemes under its wing, where contributions received from the participants shall be allocated in accordance with the allocation scheme selected by the participants.

Fees and Returns

Returns are calculated net of management fees (actual) and other expenses (which mainly includes custodial fee, trustee expense, SECP Fee, Federal Excise Duty, Sindh Sales Tax, WWF and other levies). Performance data does not include the cost incurred directly by an investor in the form of sales load.

Fees and Returns

Management Fee is 1.5% of Average Annual Net Assets. There is a discretionary 3.0% Front-end load and no Back-end load.

Benchmark

The Commission, under the Voluntary Pension System Rules 2005, shall measure performance of Pension Fund Manager by using specified benchmark to take corrective measures for Voluntary Pension Schemes as may be considered necessary by the Commission where the investment return are found to be consistently below the specified benchmark, as measured on a three years rolling average basis.

For this purpose, the index of the weighted average investment return of all sub-funds for all Pension Fund Managers shall be calculated by the Commission within ninety days of the end of each financial year. The benchmark for the investment performance of APF Equity Sub Fund shall be the return of the index (as stated above) less 500 basis points.

Composite Description

The Investment Objective of APIF Money Market Sub-Fund is to earn returns from investments in Money Markets of Pakistan, thus incurring a relatively lower risk than debt investments. APIF Money Market Sub Fund Composite invests primarily in short term debt securities (as approved by the Shariah Advisor) with the weighted average time to maturity of the assets upto one year, and the time to maturity of Shariah Compliant Government securities such as Government of Pakistan Ijarah Sukuks upto three years. **Currently the composite comprises of one portfolio i.e. APIF Money Market Sub Fund.**

APIF Money Market Sub Fund is a constituent of Atlas Pension Islamic Fund (APIF). APIF serves as a Shariah Compliant primary savings vehicle for retirement savings (i.e. pension savings) for individuals and is created as a Pension Fund under the Voluntary Pension System Rules 2005 having an umbrella structure composed of numerous Sub-Funds in the form of unit trust schemes under its wing, where contributions received from the participants shall be allocated in accordance with the allocation scheme selected by the participants.

Fees and Returns

Returns are calculated net of management fees (actual) and other expenses (which mainly includes custodial fee, trustee expense, SECP Fee, Federal Excise Duty, Sindh Sales Tax, WWF and other levies). Performance data does not include the cost incurred directly by an investor in the form of sales load.

Fee Schedule

Management Fee is 0.50% of Average Annual Net Assets. There is a discretionary 3.0% Front-end load and no Back-end load.

Benchmark

The Commission, under the Voluntary Pension System Rules 2005, shall measure performance of Pension Fund Manager by using specified benchmark to take corrective measures for Voluntary Pension Schemes as may be considered necessary by the Commission where the investment return are found to be consistently below the specified benchmark, as measured on a three years rolling average basis.

For this purpose, the index of the weighted average investment return of all sub-funds for all Pension Fund Managers shall be calculated by the Commission within ninety days of the end of each financial year. The benchmark for the investment performance of APIF Money Market Sub Fund shall be the return of the index (as stated above) less 150 basis points.

List of Composites

A list of all composite descriptions is available on request.

Composites Policies

Policies for valuing portfolios, calculating performance, and preparing compliant presentations is available on request.

Minimum Portfolio Size

The minimum portfolio size for inclusion in the composite is Rs.50 Million per Sub Fund for a minimum period of three years or as may be determined by the Commission, that is the minimum regulatory requirement to start a sub fund. The Commission may modify this requirement provided that the company registered as Pension Fund Manager has adequate solvency margin and track record for the last three years of the annual return on the funds being managed by the said company.

Internal Dispersion

Since number of Portfolios in the composite is only one at the moment (less than five) therefore calculation of internal dispersion is not required.

Key Assumptions

Following are the key assumptions used in portfolio valuation:

Financial Instruments

All financial assets and financial liabilities are recognized at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the contractual rights to receive cash flows related to the asset expire. Financial liabilities are derecognized when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income currently.

Revenue Recognition

Interest income on government securities is recognized using effective interest method at the rate of return implicit in the instrument. Interest income on bank balances, placements and deposits is recognized on an accrual basis. Gain or loss on sale of government securities is accounted for in the period in which it arises.

Proprietary Assets in the Composite

Proprietary Assets in the composite contains investments of AAML, its Management Company.
